REFURBISHED RESPIRATORY EQUIPMENT

At CIS, our mission is simple:

“To be the industry leader in selling and servicing refurbished medical equipment. We are committed to delivering high-quality service, superior value, and unparalleled customer service.”

Our mission guides us daily throughout everything we do. We continue to improve as a company and as individuals. It is our love for and dedication to what we do that enables us to become a better company for ourselves, for our customers and our community.

Committed to you,
Team CIS

Reasons financing makes sense:

- **Purchasing Power**
- **Flexibility**
- **Tax Advantages**
- **Pay For it As You Use It**
- **Improved Cash Flow**
- **Customized Solutions**
- **Up To 100% Financing**
- **Quick**

REFURBISHED
RESPIRATORY
EQUIPMENT

CPAP & BILEVEL SERVICE

We are factory trained and certified to repair all makes and models of Respironics & Resmed CPAP and BIPAP machines.

We understand how important these machines are for the people who use and rely on them. This is why we stock the parts necessary to repair the machines. Our turnaround time exceeds the industry average, and in most cases, can be returned within three business days.

Cpap and Bipap service includes:

- Computer aided diagnostics (including clearing stored error logs)
- Computer simulation and software updates
- Performance verified with a digital flowmeter and manometer
- Computer calibration update with diagnostic sheet and test points
- Complete cleaning and disinfecting

Nuwave CPAP Sanitizer

Automatically Kills 99.9% of Germs

The NUWAVE® CPAP Sanitizer is a revolutionary CPAP sanitizer which uses the proven platform of ozone gas to sanitize your CPAP equipment. NUWAVE® is different than all other CPAP sanitizers. NUWAVE® has been designed to be small as well as portable.

**CYLINDER
SERVICES**

Ultrasonic Cylinder Testing

Do you have aluminum or steel cylinders that are out of test? CIS offers UE testing. The cylinder walls are tested by ultrasound which does not require removal of the valve. This keeps the valve from being damaged and eliminates the risk of contamination of the cylinder.

Cylinder Refurb

We offer full cylinder refinishing services on aluminum cylinders. Cylinder surface is stripped clean. Neck is painted with appropriate marking color. Optional custom logo (see below) is installed Then we powder coat the entire tank with a clear protective layer to keep it beautiful.

Valving Service

HomeFill, UltraFill, iFill, CGA540, CGA870 & O2Go are just a few of the more common valves we handle on a daily basis. Whether its testing, re-sealing, and/or replacement, we have the tools and experience to do the job right.

Custom Logos

Branding, inventory control and theft prevention are the three most common reasons for placing logos on your aluminum cylinders. Company logo, fully itemized barcoding, and QR coding are the most common options. Logos are installed underneath the clear coat for years of protection.

REFURBISHED
RESPIRATORY
EQUIPMENT

REFURBISHED CYLINDERS

Top Reasons to buy Refurbished Cylinders from CIS:

- Superior value – Average savings of 20%-40% on buying refurbished Cylinders compared to direct from the manufacturer or distributor.
- All units are certified for 5 years and can replace your aging inventory of tanks.
- All tanks are powder-coated to ensure the highest quality shine and protection.

By purchasing cylinders from CIS, you can expect the highest quality of product for significantly less money. We take pride in our process and the attention to detail which goes into each refurbished tank we sell.

LIQUID OXYGEN SERVICE

Given the importance of highly functional equipment to meet the needs of your patients, you must continue to service and maintain your Liquid Oxygen equipment (LOX). CIS offers full LOX inspection, diagnosis, free estimates, and repair. All units are completely cleaned and disinfected before leaving our facility.

Liquid Oxygen service includes:

- Complete Product Inspection
- Parts replacement
- Pressure checked
- Vacuumed (as needed)
- N.E.R. tested
- Leak checked
- Flow checked

All work comes with a 120-day limited warranty on parts and labor and industry leading 36 month warranty on vacuum.

Additional 12 Month
Extended Warranty Available

Caire Liberator L45 & L60

- L45 112LBS LOX CAPACITY
- L60 114LBS LOX CAPACITY
- 36 MONTH VACUUM WARRANTY
- 120 DAY WARRANTY
